

MIX MUP INFOSHEET

„we never ever do nothing nice and easy. we always do things nice and rough“ (Mix Mup - After The Job (Hinge Finger))

Mix Mup aka Lorenz Lindner is an artist, musician and DJ who is persistently adapting and twisting the established rules of musical genres and demanding the extraordinary. Still Mix Mup stands for Techno and Funk, especially in his new livesets.

Since 2001 he released several records on labels like mikrodisko, hinge finger, the trilogy tapes and erkrankung durch musique, and each release increased his international audience for a reason. He collaborates with his friend and studio partner Kassem Mosse in the project MM/KM, which saw its first release in 2012 on UK label The Trilogy Tapes (TTT). And he was involved in remix projects for John Beltran, Paul Woolford, Mistakes Are Ok, Kowton, UD, Si Begg ...

He also moderates and curates a monthly radio show on Berlin Community Radio.
